

Draft General Plan Goals

Parks, Community Facilities and Infrastructure

- PF1. Parks that are equitably distributed throughout the community and accessible to residents and employees
- PF2. An integrated system of multi-use trails that connects key local and regional destinations and amenities
- PF3. High-quality, flexible, well-maintained and environmentally sustainable public facilities
- PF4. A broad range of recreational and cultural programs and services that meet diverse community needs
- PF5. A thriving arts community with strong leadership, arts programming, services and facilities
- PF6. A comprehensive network of energy and telecommunication services that meets community needs
- PF7. Environmentally responsible solid waste handling practices that maximize materials recovery, reuse and longevity to eliminate the need for landfilling
- PF8. Sustainable water, stormwater and wastewater systems that utilize innovative and emerging technologies and natural systems such as green infrastructure

Public Safety and Noise

- SN1. A high level of community safety with police, fire and emergency response services that meet or exceed accepted standards
- SN2. A well-prepared community that has taken steps to minimize risks from environmental and man-made disasters
- SN3. Low community-wide noise levels
